

TRAF-SYS

PEOPLE COUNTING SYSTEMS

Direct Count Two

People Counting Sensor

- Battery operated
- People counting data can be downloaded to a USB drive
- Integrated 6-digit LCD display indicating total counts
- Up to 16 ft. (may be affected by environment) Infrared transmission range
- Small size, light weight, fast, easy and flexible installation.

Traf-Sys Direct Count Two People Counters are designed to provide an affordable wireless people counting solution. These counters can be mounted at the entrance of your facility to measure pedestrian traffic statistics. With features such as lithium ion battery power and USB download capability, these counters can be installed quickly and easily.

The local LCD display shows the current number of counts which can be downloaded at the end of each day.
