TRAF-SYS

PEOPLE COUNTING SYSTEMS

Eclipse People Counter

Accurate, Cost-Effective Video People Counting

Recessed Model Available for Sleek Look

- Curved, aesthetically attractive design
- Easy installation and setup
- Counts directionally (IN vs. OUT counts)
- Customizable count zones adapt virtually to any entrance
- Simple Power-Over-Ethernet (POE) connection
- Tamperproof enclosure mounts in the ceiling, out of harm's way
- Data is stored during a power loss
- Handles high volume traffic

The Eclipse People Counter provides an accurate video-based people counting solution with built-in Ethernet connectivity. The counter uses advanced Image Recognition Technology to provide accurate data under a broad set of environmental conditions, such as high traffic, dynamic lighting, and wide entrance areas.

For more information, visit www.trafsys.com or call 1-888-815-6568.

You can use the Eclipse People Counter with our VisiCount software on your network to monitor your pedestrian traffic and create reports. You can have multiple entrances and facilities and thousands of monitoring points on the system.

Take your business to the next level with the Eclipse Video Sensor.
